## Announcement Regarding the Acquisition of the Q3 Business

Orient Microwave Corp.  
Representative Director  
Kazushige Kato

We would like to express our sincere gratitude for your continued support.

We are pleased to announce that the Q3 business (hereinafter referred to as “the Business”) currently operated by Daiken Chemical. Co., Ltd. (Head Office: Joto-ku, Osaka; President: Masahiro Harada) will be transferred to Toyo Yuden Corp. (Head Office: Higashiomi, Shiga; Representative Director: Kazushige Kato), our partner company, effective December 1, 2025.

Following the effective date of the acquisition, Orient Microwave Corp. will take full responsibility for all inquiries related to the Business, including sales, marketing, and customer relations.

Through this transition, we aim to strengthen our customer support system and deliver faster, more reliable supply and service to our valued customers.

For our current customers, there will be no significant changes to existing products, delivery schedules, or related operations after the acquisition.

Please note, however, that certain transaction terms, including pricing, may differ under the new arrangement.

All future orders and inquiries from December 1 onward will be handled directly by our company.

We will also contact each customer individually to provide detailed information regarding future procedures and contact points.

We sincerely appreciate your continued patronage and look forward to your ongoing support.
